FAQ'S: 1. Why is the course closed?

- A. Rentals and events that involve a large area of the property surrounding the Scout building will prompt the closure. We do this for the safety of everyone. We are currently working on a plan that will help limit these closures in the future. We will keep everyone updated on the process as it occurs.
- B. Wet conditions will close the course. The ground at the park tends to hold a lot of water, and after large amounts of rain, the course will be closed to prevent damage to the footing. Closures are made using the Horse Park Manager and Superintendent's discretion.
- C. Show/Event rental will close the course if deemed necessary. Some events do not require exclusive use and allow the course to remain open to others.
- D. Shooting range use will prompt us to close the area for safety. This use is pre-scheduled.
- E. Keep in mind that the course is on park property. This property has many users and a limited budget for staff. We will provide as many opportunities as we possibly can throughout the year.

2. Can I ride after office hours?

We cannot allow you to school after the office is closed without checking in first. This is the only way we can charge the appropriate fee and be sure that a waiver is signed. We appreciate your understanding with this policy. As long as you check in when the office is open, you can finish after the office closes.

Are you frustrated with the course availability? Consider volunteering to organize a schooling date. These dates will be pre- approved by contacting Asst. Superintendent, Kevin Leonard at 812-526-6809.

3. Where does the revenue from the fees go?

The funds generated by the schooling fees all go into a Non Reverting Account that is specifically directed to future course improvements.
